Dear Scott,

We want to thank you for the outstanding job you've done in landscaping our property. Finding the company that would provide us with the design expertise and the services to realize our vision presented some challenges. After meeting with you back in May and talking with other satisfied customers, we knew we'd found the right firm.

First of all, you and everyone on your team were professional and a pleasure to have working here. You surpassed our own expectations and took the time to walk us through all the options from the construction of the new walls, foot path and stairs, to the resolution of drainage issues, and the selection of plant materials and lighting. The end result speaks for itself.

Pam and I look forward to working with you in developing the next phase of work to be done in the back garden and play area, as well as the overall maintenance of the entire property. See you soon.

Sincerely,

Jeff and Pam Brooks
